

INFORMATION FORUM

Information Forums are held periodically throughout Ontario. The purpose of the forum is to provide an overview of health and healing ministry in the church and the place and scope of Parish Nursing Ministry to enable congregations to reclaim the church's health ministry.

The forum also deals with "how to start" your Parish Nurse Ministry and what services and resources ICHM provides to congregations and agencies that seek a partnership relationship.

Congregations and agencies are encouraged to send more than one participant. The forum experience can help build a team to work together back home and develop strategies. There is no registration cost. The forums will be announced on the ICHM website. Special mailings will be sent to congregations and agencies that have expressed a level of interest.
