

Key Note & Plenary Speakers

Key Note #1 **Wayne Muller** Plenary #2 **Loving Self**

Wayne Muller is an executive leadership mentor, therapist, minister, community advocate, consultant, public speaker, and bestselling author of several books. A graduate of Harvard Divinity School, he has spent the last thirty-five years working with people suffering abuse, alcoholism, poverty, illness and loss.

"When we are lost or afraid, we can tend to isolate, to bear down and get through it, to make it on our own. Jesus says, 'When two or more are gathered, there I am in your midst.' When we enter into companionship with another, something larger than ourselves is born. Choose a few people whose companionship you will seek when times are difficult. One of the most precious gifts we can offer is to be a place of refuge, to be Sabbath for one another."
- Wayne Muller

Plenary #1 **Romero House** **Loving Neighbour**

Romero House started almost 25 years ago when a small group, who believed that refugees could be treated differently, took over a refugee shelter threatened with closure. They welcomed refugees to stay in apartments without internal locks, as neighbours rather than simply clients, and set out to help them to establish themselves in Canada and create community together. The focus is supporting transition and adjustment of Refugee families.

PARISH NURSING is a health ministry of faith communities which emphasizes the wholeness of body, mind and spirit. Rooted in the vision of Christ as Healer, this ministry grows out of the belief that all faith communities are places of health and healing and have a role in promoting wholeness through the integration of faith and health.

PARISH NURSE: a parish nurse is a registered nurse with specialized knowledge, who is called to ministry and affirmed by a faith community to promote health, healing and wholeness.

Specific examples include:

- Health advocacy
- Health counselling

- Resource referral
