

ICHM's Mission

Grounded in Christian faith, InterChurch Health Ministries (ICHM) Canada fosters holistic health and spiritual healing in individuals and communities. We promote, educate and support Parish Nursing Ministry in partnership with congregations.

ICHM's Vision

A Health and Healing Ministry in every congregation. We believe that we are not so much leading the development of this Ministry as we ourselves are being led. We believe that a Health and Healing Ministry is a unique Ministry whose time has come. We believe this is a remarkable opportunity, as we creatively search for paths to take us faithfully into the future.

***...those who wait for the Lord
shall renew their strength,
they shall mount up
with wings like eagles,
they shall run
and not be weary,
they shall walk and not faint.***
Isaiah 40: 31 (NRSV)

Homecoming 2018

Join us in our **HOME COMING** at one of the sites of our original Pilot Projects in 1995. Peace Lutheran has the longest ongoing Parish Nursing Ministry in Canada, in the person of Heddi Gregor and her Health cabinets, that have served with her over the past 23 years. It will be a time to reflect, to share and to celebrate our health and healing ministries that have touched the lives of hundreds of people, in numerous congregations and parishes in a wide variety of denominations. And above all, a time to reconnect with partners in ministry and find encouragement, inspiration and strength for the journey still ahead.

Our key note speaker will be **Bev Foster**, who will explore with us the healing ministry of music in the context of our ministry among those we serve in the various aspects of our lives and experiences.

There will also be three break out groups:

- **Clarence MacPherson**, a member of the Board of the Directors and a member of the Health Committee at Westminster United Church in Whitby, another one of our Pilot Project congregations, will facilitate the labyrinth walk.
- **Janice Buck**, a Parish Nurse and member of the Board of Directors, will share some new health and healing ministry resources.
- **Henry Fischer**, Chair of the Board of Directors will facilitate focus groups to reflect and share present and future directions for InterChurch Health Ministries.
